

Transparency in Health Care Prices

As of January 1, 2018, Colorado State Law (C.R.S.A. §25-49-103) requires health care providers to make available to the public prices for their most common health care services. The following prices for health care services are an **estimate** and the actual charges for the health care services are dependent on the circumstances at the time the services are rendered, including negotiated rates with insurance carriers

If you are covered by health insurance, you are strongly encouraged to consult with your health insurer to determine accurate information about your financial responsibility for a particular health care service provided by a health care provider at this office. If you are not covered by health insurance, you are strongly encouraged to discuss payment options prior to receiving a health care service from a health care provider at this office since posted health care prices may not reflect the actual amount of your financial responsibility. Discounts for services provided may be available.
